RE: Draft §401 Water Quality Certification for the Draft NPDES Permit No. ID-002585-2 for
the City of Post Falls Wastewater Treatment Plant

Dear Mr. Lidgard:

The State of Idaho Department of Environmental Quality (DEQ) received a preliminary draft NPDES permit for the City of Post Falls to discharge from their existing wastewater treatment plant on November 15, 2011. After review of the revised draft permit and fact sheet, DEQ submits the enclosed draft §401 water quality certification which includes a narrative description of our antidegradation review from this permit. We have also attached the compliance schedule justification we received from the facility. After the public comment period ends, DEQ will address any comments, review the proposed final permit and issue a final certification decision.

Please direct any questions to June Bergquist at 208.666.4605 or june.bergquist@deq.idaho.gov.

Sincerely,

Daniel Redline
Regional Administrator
Coeur d'Alene Regional Office
